**\*\*\*\*\* Collection Initiative Summary \*\*\*\*\***

Nissan launched a special parts collection activity on May 10, 2017 to replace the front driver and passenger Takata air bag inflators free of charge on specific MY2012 Versa (N17) vehicles registered in the following states; Alaska, Colorado, Connecticut, Iowa, Idaho, Massachusetts, Maine, Michigan, Minnesota, Montana, North Dakota, New Hampshire, New York, Oregon, Rhode Island, South Dakota, Utah, Vermont, Washington, Wisconsin and Wyoming.

**NOTE: Customers were informed that this parts collection activity was time-limited.** Nissan communicated this activity would end once a sufficient number of in-use inflators had been collected.

Nissan has collected a sufficient number of parts for this particular zone and will now close the initiative. **Nissan wants to inform dealers that PM671 will conclude on October 6, 2017.** The parts collection initiative will continue until October 6, 2017 in order to allow dealers sufficient time to complete any previously scheduled repairs. **Dealers should not schedule any appointments beyond October 6, 2017 for this collection activity.**

Once all collection activities have concluded, Nissan will request return of any unused parts with a separate communication.

**\*\*\*\*\* What Dealers Should Do\*\*\*\*\***
