### Subject

New engine coolant G12evo

### Model/VIN Range

All 2018 and later versions of the Huracán.

### Information for the field

This is to inform Automobili Lamborghini S.p.A. network dealers that as a result of technical advances due to the elimination of glycerin, a new engine coolant has been introduced in all 2018 Huracán vehicles.

Engine coolant G12evo is now being used in the 18 model year of the Huracán and will be used in all Huracán vehicles from now on. Previous models will continue to use coolant G13.

### Technical notes

Introduction of new engine coolant G12evo requires the use of a new expansion tank.

Huracán	MY15-17	MY18
Coolant	G13 <b><u>PAKELO Coolant GG40</u></b> <b><u>Hybrid ( TL 774 J)</u></b> (Color violet)	G12evo <b><u>PAKELO Coolant G65</u></b> <b><u>Hybrid ( TL 774 L)</u></b> (color Violet)
Expansion tank	4S0121403A	4S0121403B

**Table 1 - Identification table of coolant and expansion tank p/n according to the MY**

Also, please be informed that the new G12evo coolant **must not be used** in vehicles equipped with the old expansion tank (up to MY17 included).

Be informed that the G12 evo employed on the first 2018 cars might be colored in green instead of the usual violet as a consequence of a supplier modification and thus, specifically in this case, disregard the fluid color while topping up.

This product must be diluted with water (60% water / 40% coolant) before use. In cold climates, dilute to 50% (50% water / 50% coolant) before use.

The reprinting, reproduction, distribution to unauthorized persons and/or to third parties, and the partial or complete translation of the material contained herein are prohibited without the express written consent of Automobili Lamborghini S.p.A.*

As was true for the previous coolant, the correct amount is 22 liters (5.81 U.S. gal). When filling the cooling system, be sure to follow the instructions in the Workshop Manual on the Lamborghini portal.

For further information, don't hesitate to contact the Service Area Manager.

Best regards,

Customer Service.
