REVISION HISTORY

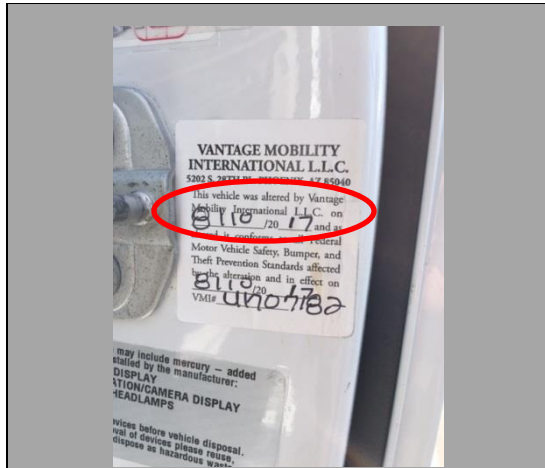

AUTHOR	DESCRIPTION OF CHANGE	REV	RELEASED	ECO#
Dave Hagstrom	Initial Release	A		

SCOPE

Some 2008-2017 Model year Chrysler Town and Country and 2017 Dodge Grand Caravans built between from 10/28/2016 to 3/13/2017 may have the incorrect CARB Executive Order (EO) number typed into the VMI label attached to the fuel tank. This letter will provide inspection criteria and replacement instructions if the label is incorrect.

CONTENTS

- 1) Identify the VMI Build date by inspecting the white sticker located on the driver's side door jamb

- 2) If the vehicle's VMI build date falls between 10/28/2016 to 3/13/2017 locate the fuel tank label located on the driver's side on the vehicle.
(see picture for examples)

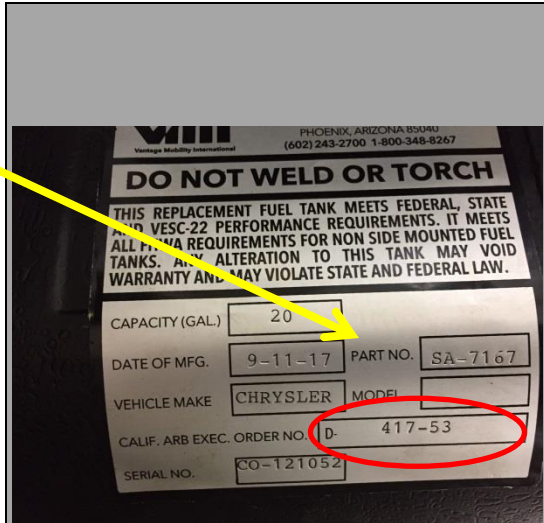

Document Number TS-WI-0249

- 3) Locate the Calif. ARB EXEC. ORDER NO.
- 4) **If the number is D417-53;**
YOU HAVE NO FURTHER ACTION

IF the number is NOT D417-53;

- a. take a picture of the incorrect label and contact VMI Tech Support.
- b. Send a copy of the picture along with the VIN and a request for a replacement label.

Do Not remove the incorrect label until you have the replacement ready to install

- 5) **AFTER RECEIPT of the correct label**, carefully remove the discrepant label using your fingers or a PLASTIC PUTTY KNIFE

IMPORTANT

Do NOT use any tool that can cause damage to the tank or generate any sparks

6) Carefully clean the area where the replacement label will be placed. Make sure to clean and dry an area LARGER than the label to ensure proper adhesion.

IMPORTANT

Do NOT use any solvent based cleaners

7) Apply the replacement label in the cleaned area making sure there are no air pockets under the label after application.
