Subject:	Accessories

TOL NOTICE (US&CAN) – April 11, 2017

Street Cup Heated Grips Update

Triumph previously communicated that **Heated Grip Kit A9638110** will not fit the Triumph Street Cup due to differences in handlebar diameter. We are pleased to announce that a rectification for this issue will be available by early June. **Heated Grip Kit A9638230** will be available for Triumph Street Cup models up to **VIN # 832749**. This kit will include replacement handlebars.

Heated Grip Kit A9638110 will remain available and will be compatible with Triumph Street Cup models from **VIN # 832750** onward. Any of these kits currently held in stock can be used on later model Street Cups as long as the above VIN split is followed.

Please inform any customers inquiring about Street Cup heated grips that this kit will be available shortly. If you have any questions, please contact Triumph 24/7 Customer Support at (888) 284-6288.
