------	-------	------	----------

CONDITION

Some customers may experience a pop-up message while driving that will prompt them that an Entune™ update is required. This is NOT the same update that is found in the Software Update TSB.

RECOMMENDATIONS

If the vehicle is equipped with a DCM, select the “Now” button. If the vehicle is not equipped with a DCM, connect a phone with latest Entune™ 3.0 App installed, then select the “Now” button.
