

## Technical Information Bulletin

---

**27-007**

### Section

Automated Transmission - 27

---

### Subject

T680/T880 False Fault Codes with Column Mounted Shifter and Eaton Automated Manual Transmission (AMT)

---

### Release Date

11/20/2017

---

### Condition

The column shifter functions normally, but there are active fault codes on vehicles equipped with column mounted shifter and Eaton Automated Manual Transmissions (AMT).

---

### Chassis Affected

T680 and T880 chassis equipped with a Column Mounted Shifter and an Eaton AMT.

---

### Action

#### INFORMATIONAL ONLY

No action is required if full Column Mounted Shifter functions correctly.

The fault codes can be ignored. A permanent resolution will be communicated when it becomes available.

---

### Procedure

Ignore the exhibited DAVIE and Eaton Service Ranger faults shown below.
