TECHNICAL BULLETIN

07 JUL 2017

© Jaguar Land Rover North America, LLC

NOTE: The information in Technical Bulletins is intended for use by trained, professional Technicians with the knowledge, tools, and equipment required to do the job properly and safely. It informs these Technicians of conditions that may occur on some vehicles, or provides information that could assist in proper vehicle service. The procedures should not be performed by 'do-it-yourselfers'. If you are not a Retailer, do not assume that a condition described affects your vehicle. Contact an authorized Land Rover service facility to determine whether this bulletin applies to a specific vehicle.

NORTH AMERICA

CONDITION SUMMARY:

SITUATION:

A 'Gearbox not in park' message may be displayed on the Instrument Cluster with the transmission in 'P' (PARK).

CAUSE:

This may be caused by a Body Control Module (BCM) software issue causing a false message to be displayed on the Instrument Cluster.

ACTION:

Should a Customer express this concern, follow the Diagnostic Procedure below.

PARTS:

No Parts Required

TOOLS:
