

Ferrari North America

Technical Information

Date: October 2017
Bulletin #: 2447
Campaign #:
Supersedes:
Section: 10

Model Type: All
Model Year: All
Subject: List of serialized spare parts

Please note that, following the implementation of New Modis, a new session has been activated for the traceability of a number of sensitive components assembled on the vehicle.

Each time one of the listed parts is replaced in the network, the Authorized Ferrari Dealer is responsible for updating the system with new serial numbers of the components replaced on the vehicle.

The main steps involved in the use of the new spare part traceability module are listed below. For more information, a detailed guide is available for consultation in the New Modis manual by selecting from the menu:

- Aftersales documents.
- Documents - processes - aftersales LN 10.4 - Fig. 1

To consult the full list of serialised components - Fig. 2:

- Access New Modis;
- Click on “Service”;
- Click on “Articoli – Assistenza” (Items – Support)

list – Fig.4;

Ferrari North America

- Once it has been selected and inserted, the serial number field will become automatically modifiable so that the required serial number can be inserted - Fig.5

Fig. 5

- IMPORTANT -

The service entries/warranties opened for these components must be compiled using the serial number. If the special field is not compiled, you will not be able to complete the service entry and subsequently the warranty, and the following error message will be displayed.

Date: 17-10(15)		Close service orders	Error Report	Page : 1
EMEA 10.4int				Comp: 90
Service or	Current status	Error description		
SI305880	Completed	Serialized Spare Part without a serial present in Mat		

Here are some examples of where the serial number is found for some components.

- Engine – type and number under crankcase – Fig.6.

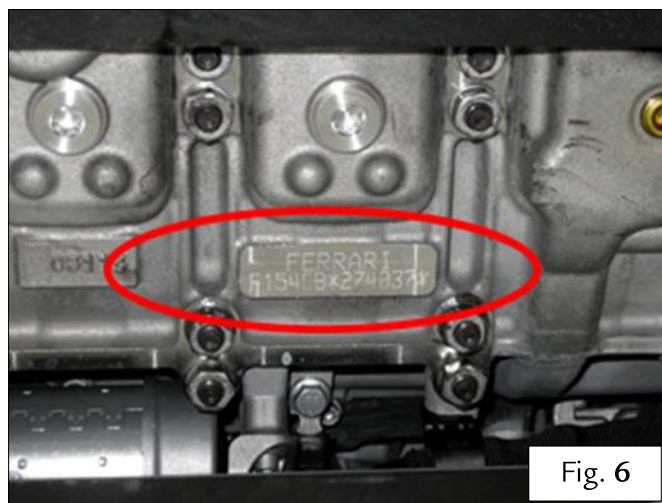

Fig. 6

Ferrari North America

- Gearbox: type and number on RH side of component – Fig.7.

Fig. 7

- Passenger airbag module – Fig.8.

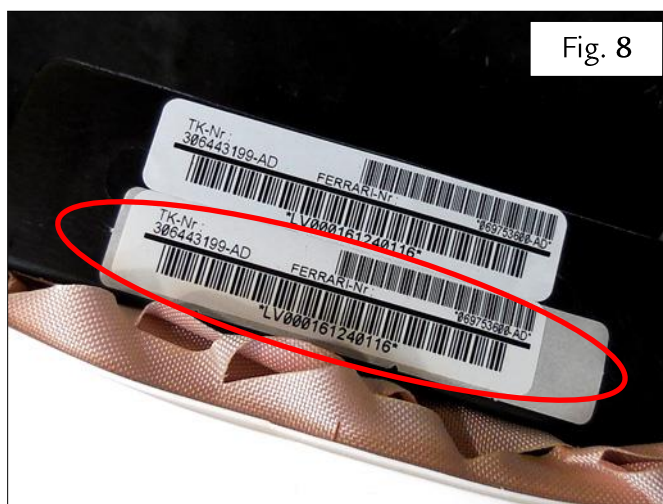

Fig. 8

- IMPORTANT -

Make sure you write down the serial number of the new part before installing it on the vehicle

Include the new Serial number on the Repair order

Thank you for your co-operation
