Involved Region or Country	North America, Israel
----------------------------	-----------------------

The purpose of this bulletin is to inform technicians and dealership personnel that the above models and model year vehicles, equipped with the 1.4L turbocharged engine, use two different suppliers for the oil filter housing, which results in two different oil filters being used.

Important: It is very important to use the correct oil filter for the oil filter housing application.

Parts Information

For part number and usage, see Filter Kit, Oil in Group 01.836 in the electronic part catalog (EPC).

Version	2
Modified	July 28, 2017 - Removed the 2017-2018 Cruze (VIN B) from Model section.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from this information.
