Attention: All Dealer Principals

Kia is conducting a Voluntary Service Campaign to affix a warning label to the seatbelt anchor pretensioner covers on all 2015-2017 MY Kia K900 vehicles, manufactured from December 18, 2013 through May 18, 2017.

The front seatbelt assemblies are locked to the seatbelt anchor pretensioner. During a collision repair or other repair involving either of these components, the Kia service procedure for connecting these components must be followed. If the Kia procedure is not followed, there is a chance that the connection would not be fully locked. To provide a clear understanding of the locked position of this connection, Kia dealers will be instructed to affix a warning label to the seatbelt anchor pretensioner cover at no cost to the customer.

The Technical Service Bulletin that provides vehicle repair procedures, affected VIN production range, and warranty claim information will be posted on the Kia Global Information System (KGIS) at www.kiatechinfo.com on **November 14, 2017**.

Your Service Manager was sent a copy of the owner notification letter and a Q&A guide for campaign questions, both of which describe the issue.
