

PRODUCT ANNOUNCEMENT

VANTRAAX® HKAT 75K25 Air Slider Suspension System

LIT NO: P36024

DATE: November 2017

Hendrickson Trailer Commercial Vehicle Systems is pleased to announce the addition of a new tridem model to the VANTRAAX® air slider suspension system family. The VANTRAAX HKAT 75K25 model is a reinforced version of the existing HKAT 69K25 tridem model.

The new tridem slider suspension system features a reinforcement plate that is bolted to the k-brace above the air spring to help carry the extra load. The tridem slider suspension system incorporates the same road-proven INTRAAX® integrated suspension system paired with Hendrickson's patented K-2® slider box as the existing tridem model design.

The HKAT 75K25 tridem model helps operators remain compliant with a variety of bridge & weight laws and Canadian "infrastructure-friendly" regulations to allow for hauling freight across international, provincial and state borders.

The following specifications are available for the HKAT 75K25 model:

MODEL	AXLE SPACING (inches)	SYSTEM CAPACITY (pounds)	AXLE RATING (pounds)	AXLE DIAMETER (inches)	BOX WIDTH (inches)	RIDE HEIGHTS (inches)
HKAT 75K25	60, 72	75,000	25,000	LDA™	42, 48, 54	16, 17

Value-Added options such as RTR® READY-TO-ROLL® wheel-end packages, TIREMAAX® tire inflation systems and air disc brakes including Hendrickson MAXX22T™ optimized trailer air disc brake systems are available on the HKAT 75K25 tridem model.

To receive a valid part number and availability for the HKAT 75K25 model, please submit a completed VANTRAAX Ordering Guide to your sales or customer service representative.

As always, Hendrickson is committed to providing world-class, quality suspension products and exceptional customer service. For additional information, please contact us at 1-866-RIDEAIR (743-3247).
