2015-2017 ROGUE AND 2017-2018 ROGUE SPORT; DISTANCE TO EMPTY DOES NOT RESET

This bulletin has been amended. Changes have been made throughout.
Please discard all previous versions of this bulletin.

APPLIED VEHICLE: 2015-2017 Rogue (T32)
 2017-2018 Rogue Sport (J11)

SERVICE INFORMATION

The Range or DTE (Distance To Empty) reading on the Vehicle Information Display will not reset/recalculate unless at least four (4) gallons of fuel is added to the fuel tank.

If a customer states that the DTE does not reset/recalculate,

Or

If a customer describes the issue as the DTE mileage does not match or “agree with” the fuel gauge reading. For example, DTE shows 117 miles while the fuel gauge shows full,

Then

Explain to the customer that at least four (4) gallons of fuel must be added to the fuel tank before the DTE will recalculate.

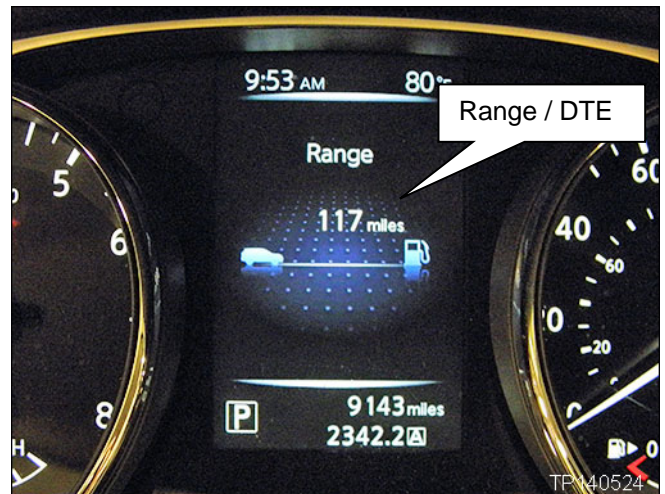

Figure 1

NOTE: This issue, if it should occur, does not affect the operation of the low fuel warning system indicators or primary fuel gauge.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. **NOTE:** If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.
