

Technical Information Bulletin

T002

Section

Automated Transmission - 27

Subject

PACCAR and Eaton Endurant Transmission Repairs – First Six Months of Production

Release Date

12/13/2017

Chassis Affected

All chassis repaired from now through 5/1/18 with either the PACCAR Transmission or the Eaton Endurant Transmission

Action

Information only

For all chassis affected, do not perform standard transmission repairs. Instead, dealers are required to contact PACCAR for PACCAR Transmissions and Eaton for Endurant transmissions to determine if a complete transmission exchange is needed. The purpose of this is to enable PACCAR and Eaton to perform a detailed inspection of any early failures and to implement timely correction.

For PACCAR Transmissions, start a SupportLink case (select Powertrain located under the Technical Research option) or call the following number:

Kenworth 1-800-944-0251, option 4

Peterbilt 1-800-477-0251, option 4

For Eaton Endurant Transmissions contact the Roadranger Support.
