Reminders

▶ **All items must be completed prior to customer delivery by an Audi technician**

▶ **Audi recommends using an Audi approved battery charger to prevent excessive battery discharge during inspection**

▶ **ALL PDI function tests must be run in Guided Fault Finding (GFF) only. Do NOT use Guided Functions for any PDI related test as these will not be uploaded to the Paperless Server. Refer to the Special functions tab of ODIS Diagnosis for using GFF for PDI function tests**

▶ **It is advised to start ODIS with the engine running to enable all 5F Test Plans in GFF and also to ensure SVM sees all control units during the SVM check vehicle configuration**

▶ **For items marked with *, please refer to the PDI Technician Reference Document posted on ServiceNet for additional information**

▶ **For items marked with **, follow instructions for stock inventory vehicle**
