1	03/31/2014	Initial publication

Cooling fans stay on after engine is turned off.

Technical Background

The cooling fans may operate for up to 10 minutes after the engine is turned off. This function is mapped to specific driving patterns and vehicle operating modes (for example, DPF regeneration). This is normal operation, and no parts should be replaced.

Production Solution

Not applicable.

Technical Service Bulletin

Service

None. Vehicle is operating to specification.

Warranty

This TSB is informational only and not applicable to any Audi Warranty.
