00 Sales Preparation Program for New, Unused, Unsold MY2015 A3 TDI

00 17 90 2047471/1 April 11, 2017.

Model(s)	Year	VIN Range	Vehicle-Specific Equipment
A3	2015	See Elsa	TDI

Condition

New, unused, unsold Model Year 2015 Audi A3 2.0L TDI vehicles in dealer stock may require additional attention prior to retail sale.

To support dealers in preparing these vehicles for sale, and to ensure a positive customer delivery experience, Audi is offering a sales preparation program that allows dealers to prepare these vehicles before sale (within certain parameters).

Technical Background

Not applicable.

Production Solution

Not applicable.

Service

Note:

This information can also be found in AWA-17-08.

Step 1:

- Perform Campaign 23T4 emissions modification.
- Ensure IN-FORM tool is properly utilized for approved emissions modification. The IN-FORM tool can be accessed here: <https://tdi-inform.track360.com/>
- Not using the IN-FORM tool to properly document and validate the modification will stop the processing of payment for your dealership even if the modification has been completed.

Technical Service Bulletin

It is critical to ensure that all six components included in the 23T4 Emissions Recall Circular **Appendix A – Requirements for Vehicles within “New” Inventory** are applied to the vehicle. Please refer to the latest 23T4 Emissions Recall Circular for more information on the additional requirements.

Step 2:

- Review/perform items listed below.

Note:

A repair authorization is not required for these items.

- See *Inventory Vehicle Extended Inspection/Maintenance Form* (attached) for all required inspection items.

REVIEW ITEMS

- Replace pollen filter
- Perform complete brake fluid flush
- Replace fuel filter
- Add diesel fuel (maximum \$12.00)
- Test battery using Midtronics Tester, replace if necessary
- Multi Point Inspection
- Test drive vehicle for 10 miles to check for other issues
- Ensure that *Inventory Vehicle Extended Inspection/Maintenance Form* is completed. The form must be completed and signed, and must remain with the vehicle repair order.

Step 3:

Review/repair the following components, if needed, based on the results of the test drive. Note that authorization to repair/replace these components is required before proceeding with the sales preparation services.

- Brakes: If brake vibration/noise is present after road test, perform TSB 2022584, *46 Brake pulsation diagnostic guidelines*. If necessary, replace brake pads/rotors on affected axle(s).
- Tires: If tire vibration is present after road test, set all tire pressures according to the owner's manual based on customer requirements (normal vs. full load). Extend road test for an additional 10 miles at various speeds (as noted on *Inventory Vehicle Extended Inspection/Maintenance Form*) and re-check for vibration. Some tires require longer test drives to eliminate temporary flat spots. Raise the vehicle on a lift/hoist immediately after the test drive to check the balance and RFV before the tires cool down again. If vibration is still present, replaced affected tire(s).

Technical Service Bulletin

To request authorization to repair/replace tire or brake components, send an email to AudiWarranty@audi.com with supporting documentation for the replacement of brakes/tires. Dealers should be prepared to provide documentation of 30-day inventory maintenance services, as it may be requested.

Step 4:

If additional issues related to improper vehicle storage/maintenance are found with the paint, wiring, or other components, it is the responsibility of the dealer to repair these items. Repairs for non-manufacturer defects will not be reimbursed.

Note:

All vehicles must be inspected by a TFM before they are sold.

Warranty

Note:

For step 1 claim according to Campaign 23T4 bulletin.

Claim Type:	<ul style="list-style-type: none"> • 9SP – Before Delivery. • If vehicle is outside any warranty, this Technical Service Bulletin is informational only. 		
Service Number:	X130		
Damage Code:	0010		
Labor Operations:	Step 2 items <u>without</u> battery replacement	0101 0099	350 TU
	Step 2 items <u>with</u> battery replacement	0101 0099	390 TU
	Step 3 items	See Elsa	See Elsa
