Perfect

Like i mentioned, they report it is a label or box issue that does not meet our internal requirements

Have a great Thanksgiving
Cecil

I received your message; do you know exactly what we need to look for in the packaging?

I really don't think this issue would affect us; because we re-box and re-label our parts in our own packaging.

Anyway, I didn't hear anything on this part from QC and so I think we are good.

Happy Thanksgiving.
