

Service Bulletin

File in Section: -

Bulletin No.: 17-NA-397

Date: December, 2017

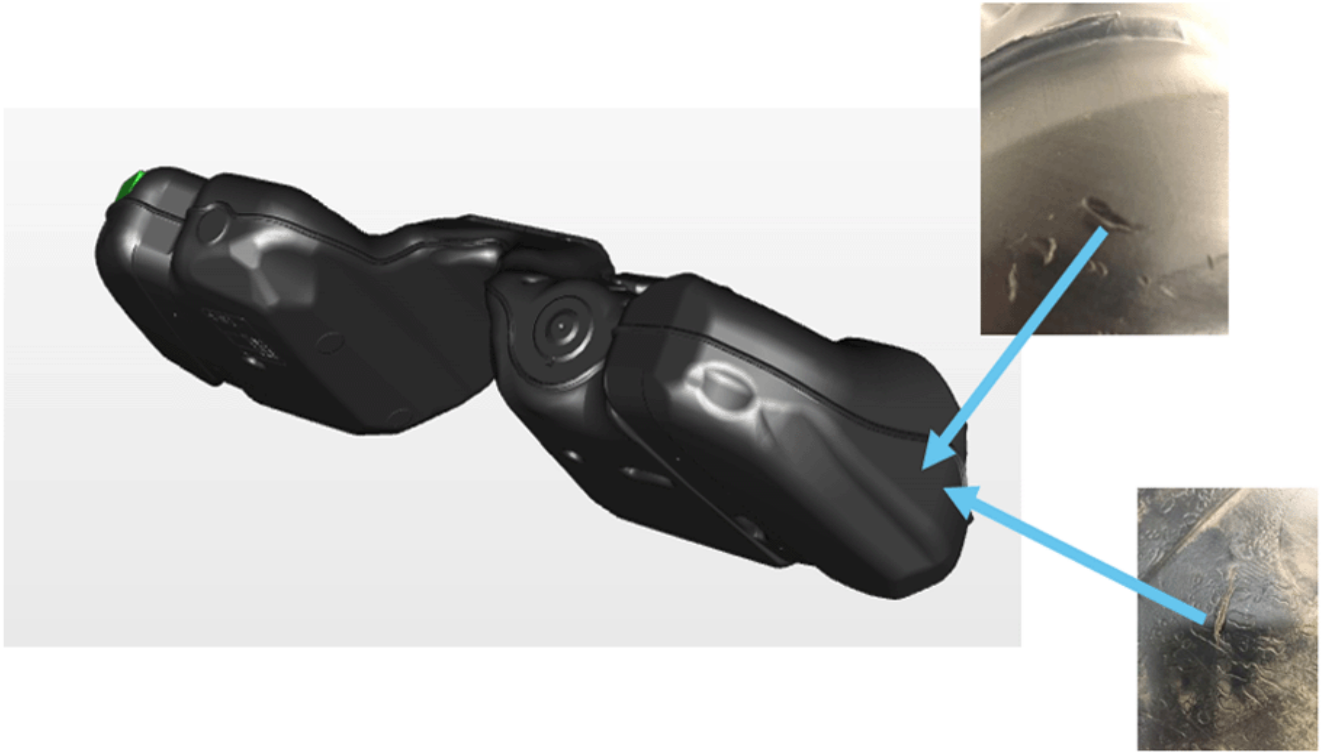

INFORMATION

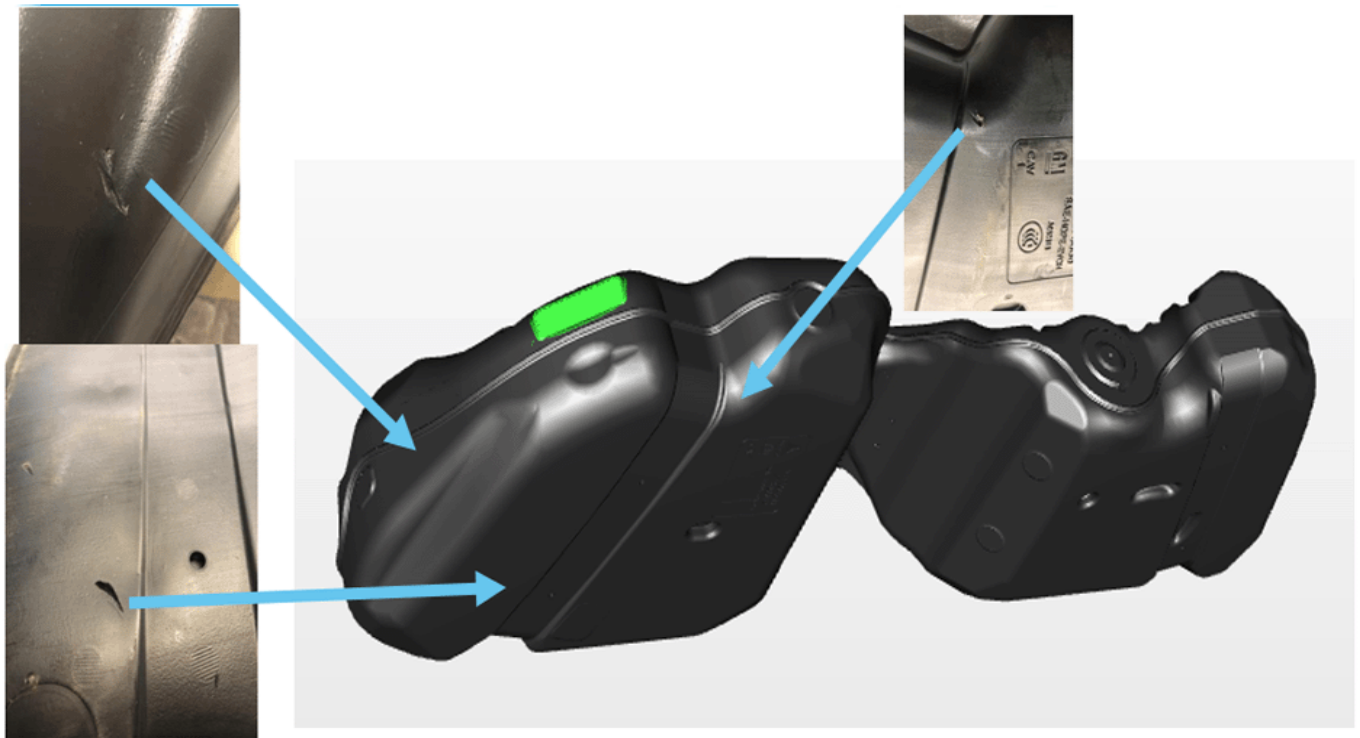

Subject: Fuel Tank Scrapes and/or Gouges

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Chevrolet	Camaro	2018	2018			All	All

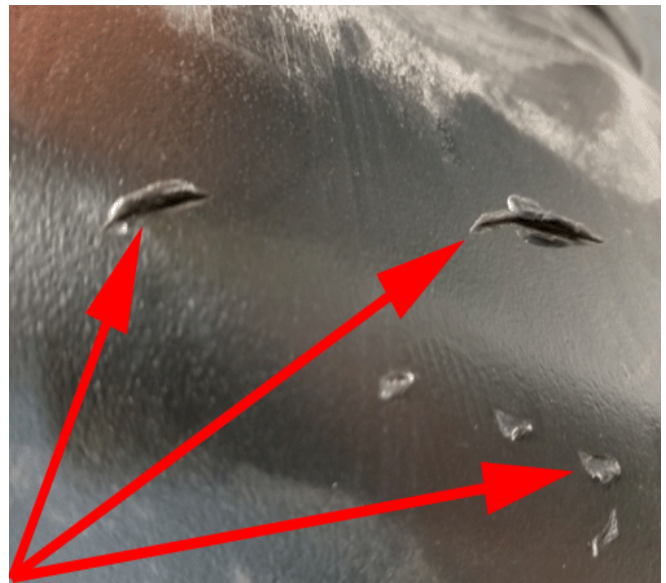

Involved Region or Country	North America and N.A. Export Regions
Condition	During inspection, the customer or technician may comment that the fuel tank shows signs of scrapes and/or gouges. Refer to the pictures below.
Cause	The scrapes and gouges are due to how the parts were loaded into the racks prior to shipping to the vehicle assembly plant.
Correction	Testing of the parts has confirmed the scrapes and gouges are only cosmetic and there is no performance or long term durability concern with the tanks. No further action is required.

Examples of Scrapes and Gouges

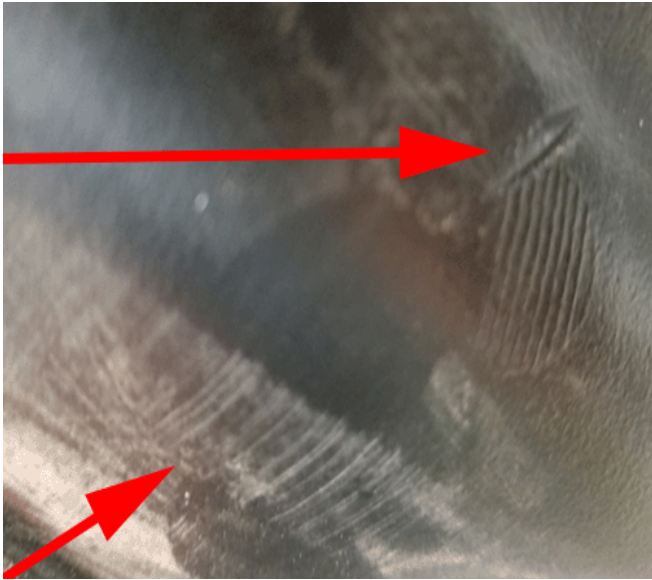

4915693

4915692

4915697

4915698

Parts Information

No parts needed for this condition.

Version	1
Modified	Released December 11, 2017

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
