Involved Region or Country	North America and N.A. Export Regions
-----------------------------------	---------------------------------------

The purpose of this bulletin is to inform dealership personnel that the owner's manual calls for CJ-4 engine oil, which is no longer available. Recently, the API released information on the CK-4 oil specification for the diesel engine oils.

Version	1
Modified	

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
