SUBJECT: FL724 Second Revised Bulletin

This letter is to inform you that a second revised bulletin for Recall FL724 ICU3S Instrument Cluster Hydraulic Brake Telltale is available on DTNAConnect. Please print and use the revised bulletin for all work under FL724 from this point forward.

REVISIONS: The replacement part number for some groups in Table 1 were incorrect. The table has been updated. Step 12 (applies to trucks only) has been expanded to emphasize that telltale carriers/cartridges stay on the same side as they are moved from the old to the new instrument cluster.

If you have questions or need further information, contact the Warranty Campaigns Department by submitting an inquiry through the WSC Link on DTNAConnect.

The information contained in this letter supercedes and supplements any related policies and procedures in any previously released bulletins, the Warranty Manual, and/or previously released letters. Failure to read or distribute this letter will not exempt addressees from compliance with the information contained herein.
