Check exhaust silencer

Details

In the course of the quality inspections, BMW Motorrad has determined that some silencers do not comply with the USA statutory requirements. The silencer may not show the required statutory marking.

Vehicles affected

In order to determine if a specific vehicle is affected by this Campaign, it will be necessary to verify all vehicle VINs through a DCS Vehicle History Check. Based on the response of the system, either proceed with the repair or take no further action. Please note, affected VINs may not appear until 24-72 hours after the release of this bulletin.

Production Solution

As of 15 February 2017 onwards, silencers have been installed for the US market, which meet all statutory requirements.

Service solution

Check whether the marking shown in the illustration on pg.2 is stamped on the muffler or not. If there is no marking stamped, the silencer must be replaced in accordance with repair instruction 18 51 500.

The repair instructions can be seen in seen in AIR (Aftersales Information Research) under Repair instructions.
