Produced from 7/1/12 to 6/30/13 equipped with Telematics Control Board (TCB).

### SITUATION

After programming with ISTA/P 3.55.0 or a more recent version, the following changes are noticed by the customer when using the BMW Connected remote app, they can:

- No longer send “Edit start time” signal for climate control system; and they can
- Only send an “Activate now” signal for climate control system.

### INFORMATION

An operational concept change for “Remote Climate Control” functionality was introduced with ISTA/P 3.55.0 (I-level Fxx 15-03-501) and the BMW Connected remote app.

Please advise the customer that the “Remote Climate Control” function operates differently for the vehicles mentioned in this service bulletin.

Do not replace parts or program the vehicle, this will not affect the above noted changes in operation.
