

Subject		Market	
Front Rotor Identification (F-Sport)		USA	
Service Category	Section		
Brake	Brake (front)		
Applicability			
All Applicable Models			

APPLICABLE VEHICLES

2015-2017	RC350	2013-2017	GS350
2016-2017	GS200T	2013-2017	GS450H
2016	RC200T		

CONDITION

In the event of brake repair occurring on an applicable vehicle, please use the images below to identify which rotors are installed on the vehicle. Some applicable vehicles have had front rotors replaced for a clicking concern, see L-SB-0100-16.

Applicability	
All Applicable Models	

RECOMMENDATIONS

Because this repair is optional based on customer preference, the default OEM rotor part number based off VIN may not be what is on vehicle. Please verify required part number referencing L-SB-0100-16 before ordering parts.
