--

A new Audi Brand Diagnostic Content Version 2.13.5 is on the ODIS server and available for you to update all VAS testers at your dealership.

Be sure to complete the updates for all testers **no later than Tuesday, September 12** as there are some very important diagnostic functions on this version.

If you experience any issues or concerns while updating to these latest versions, please contact the ODIS Diagnostic Support Group at 888.896.1298.

Thank you.
