Title

2014-16 MAZDA3 (WITH MANUAL A/C) - AIR TEMPERATURE WILL NOT CHANGE

Content

If you encounter a Mazda3 where the air temperature of the climate control will not change, perform [TSB 07-003/15](#) only if the vehicle is within the VIN range specified. Vehicles outside the VIN range already have the modified temperature control link listed in the TSB.

NOTE: If the exact same concern exist on a vehicle outside the VIN range or on a vehicle within the VIN range where TSB 07-003/15 has been performed once already, call Hotline for further assistance. Otherwise, follow normal troubleshooting procedures according to MS3 online instructions.
