## Hankook Tire Update

### EFX & HDX

---

Hankook Tire is transitioning away from the AH12 and Z35A tread designs. The AH12 is being replaced by the AH37 and the Z35A has been replaced by the DH37.

The AH37 is an all position tire designed for fuel and mileage efficiency while the DH37 is a regional haul M & S drive tire designed for longer tread life, fuel efficiency, and durability.

In house orders calling for the discontinued tires will be converted to the new tread designs.

**DH37**

**AH37**

Below is a summary of changes that will take effect in RACE.

<b>Feature</b>	<b>Description</b>	<b>Action</b>
<b>C528001000</b>	<b>HANKOOK-12R22.5 16PLY AH12</b>	<b>DISCONTINUED</b>
