

Hankook Tire Update

Hankook Tire is transitioning away from the **AH12** tread design and replacing it with the **AH37** design. Below are replacements for the 10R22.5, 11R22.5 and 275/70R22.5 offerings from Hankook. In house orders will be converted to the new tread.

Below is a summary of changes that will take effect in ASIST.
