Michelin Tire Update C2, EFX, HDX

Michelin Tire has temporarily discontinued the 255/70R22.5 XD2 M/S tire. Until this tire becomes available again, we suggest using the Bridgestone M726 tire when mud & snow tires are required. A replacement is not yet available for Type D products.

Michelin's XDE M/S 11R22.5 and 275/80R22.5 tread is being replaced by their X Multi D tread.

Below is a summary of changes that will take effect in ASIST/RACE.

Feature	Description	Action
C531051100	Michelin 11R22.5 16(H) PLY XDE M/S	Discontinued.
