

Bendix Introduces Next Gen Drum Brakes (FTL178)

July 10, 2017

Effective Chassis Starts on August 28, 2017

In order to provide incremental design improvements and reduce complexity, the Bendix Next Gen drum brakes will replace most current Bendix drum brake offerings as tabulated on the following page. Note that the Next Gen Heavy Duty brakes have a stamped spider and will replace the current cast spider brakes as tabulated.

Truck Change Orders will be issued; there is no price impact.
