

**What is it?**

Relocation of front tow hooks from front suspension spring hanger to a more forward location when FFE is specified.

**Why is it important?**

Relocation of tow hooks will improve accessibility on FFE trucks. New location mitigates risk of damage to bumper and other components during recovery operations.

**Availability:**

Available Since - 10/02/2017

**Data Codes:**

558-065 - FRONT TOW HOOKS - FRONT FRAME EXTENSION MOUNTED

**High-Level Compatibility:**

Front frame extension
