Text

**DESCRIPTION:**

The check engine light (CEL) may be illuminated without any other customer symptoms or the code BECM-P0CE100 is read out with VIDA. Please follow the advice under Service.

BECM = Battery Electronic Control Module

SERVICE:

- Check if the DTC has been set
- Erase the DTC and perform a test drive. If the DTC returns, fault trace according to VIDA.
- If the DTC does not return, the vehicle may be released.

VEHICLE REPORT:

No, please do not submit a vehicle report for the symptom described in the description.
