Reason for Version 4 of this Service Policy Letter (SPL-30-0539).

This is a new reminder to do this process.

Please destroy all copies of SPL-30-0539V3 and replace them with this Service Policy Letter SPL-30-1017.

Dear Colleagues,

Aston Martin Lagonda must complete the On Board Diagnostics Certification process every year. As part of this process, it is necessary for us to give data about the OBD monitor's performance for a sample of vehicles in the field. For this, it will be necessary for you to send this data to us every year.

This is a new reminder to you that we must send this data to the applicable authorities.

With reference to SPL-30-0509 if you have not yet sent the data, could you please now send the newest data.

Note: *This procedure does not apply to DB11 or newer vehicles.*

To do this, refer to the procedure that follows:

Procedure to Email the OBD Files in Windows XP

1. Start your AMDS computer.
2. Select "Start", then "Programs", then "Accessories" and then "Windows Explorer" (refer to Figure 1) or click on the desktop shortcut icon.
