

WARRANTY POLICY LETTER

Reference number:	WPL-30-1059	Issued: 22 February 2018
Subject:	Limited Warranty and Extended Service Contract Changes for 2018 (North America)	
Applicable to:	All Dealers in North America	
Distribute to:	After Sales Manager Executive Manager Service Manager Sales Manager	Warranty Staff Technician(s) Parts Staff

Dear Colleagues,

We would like to tell you about some changes to Aston Martin Limited Warranties and Extended Service Contracts. The changes that follow become effective for all warranty/contract registrations made on or after March 1, 2018.

Pricing

In line with program performance resulting from inflation and increased claims costs, we will be introducing a small price increase on March 1, 2018. Refer to the Appendices: for full details of the prices that will apply to products registered from this date. Despite these increases our "Extended" products continue to provide top class cover and represent exceptional value for money. Please make sure that your dealership uses these products to improve retention and generate additional profit.

Claims Performance Monitoring and Quality Control

Monitoring claims performance by dealer has always formed part of the Limited Warranty and Extended administration process. To improve dealer awareness, we will be introducing a new KPI report. This new report will be circulated quarterly to each dealership and forms part of a revised Global Quality Control and Audit strategy.

Claims performance quality control follows a structured process and if claims performance at your dealership is of concern you will be advised. Where applicable, corrective action will be suggested. If claims data continue to cause concern, information relating to a number of claims will be requested via email in order to complete a desk audit of processes and procedures. In exceptional circumstances where performance does not improve, a visit from the Aston Martin Quality Control Audit team will be arranged.

By monitoring performance and working with dealers in this way, we will be able to develop more robust processes that will ensure future claims performance remains stable and that price increases are minimised.

Please make sure that all applicable staff know about these important changes and that they continue to promote both Limited Warranties and Extended Service Contracts.

Thank you for your support, if you have any questions please email our warranty department at warranty@astonmartin.com or contact Aston Martin Extended directly at administration@astonmartin-extended.com

Yours faithfully

Phil Eaglesfield
Director, Client Services.
