PITSTOP | TECHNICAL OPERATIONS

SUBJECT:	AEB VARIANT CODING

This Pitstop provides information regarding the correct "Variant Coding" settings for the Autonomous Emergency Braking (AEB) on some 2017-2018MY Sorento (UMa) vehicles. Refer to the KDS screenshots shown below for the required AEB variant coding (Figure 1) settings for the vehicle. <u>Be sure to MATCH every "Item" to the "Setting Value" as shown in the green outlined box (Figure 2) and that you select the correct "Drivetrain Option" (2WD/4WD) that applies to the vehicle.</u>
