SURELOK UPDATE

PRODUCT UPDATE

SURELOK UPDATE

LIT NO: P36025

DATE: February 2018

Hendrickson Trailer Commercial Vehicle Systems announces an update to SURELOK® air spring actuators. In May 2017, Hendrickson became dual-sourced on SURELOK air spring actuators for distribution of service replacements in aftermarket only. Beginning in March 2018, both aftermarket and new production actuators will be dual-sourced; therefore, customers may receive mixed shipments of air spring actuators. Fit and function of actuators remains unchanged; however, the actuators will differ visually depending on the supplier (as shown below in Figure 1 and 2). Please note: production and aftermarket part numbers will not change. Refer to *L1055 SURELOK Parts List* for a complete listing of SURELOK replacement part numbers including air spring actuators.
