2013-2018 ALTIMA; AFTERMARKET HEADLIGHTS

APPLIED VEHICLES: 2013-2018 Altima (L33)

SERVICE INFORMATION

If a headlight housing assembly on an applied vehicle needs to be replaced for any reason, note the following:

- Only Original Equipment (O.E.) components are warrantable through Nissan.
- Aftermarket components are not warrantable through Nissan.
- Confirm that it is a genuine Nissan part before submitting a Warranty Claim.
 - Genuine Nissan headlight housings, on an applied vehicle, will have "Nissan" and "NAL" markings on the housing.
- See examples of an O.E. headlight housing assembly (Figure 1 on page 2) and aftermarket headlight housing assembly (Figure 2 on page 3).

NOTE: The Nissan New Vehicle Limited Warranty does not cover aftermarket components. Refer to the Nissan Assurance Products Resource Manual (APRM) for guidelines on warranty coverage. The vehicle Owner's Manual contains the complete details regarding the limited warranty.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.

Warrantable Headlight Housing Assembly Examples

Figure 1 is an example of a warrantable “Nissan” headlight housing. On page 3 is an example (Figure 2) of what is not warrantable.

This warrantable example is upside down to show the “NAL” marking. This marking can be seen on the upper outside edge of headlight housing, above indicator.

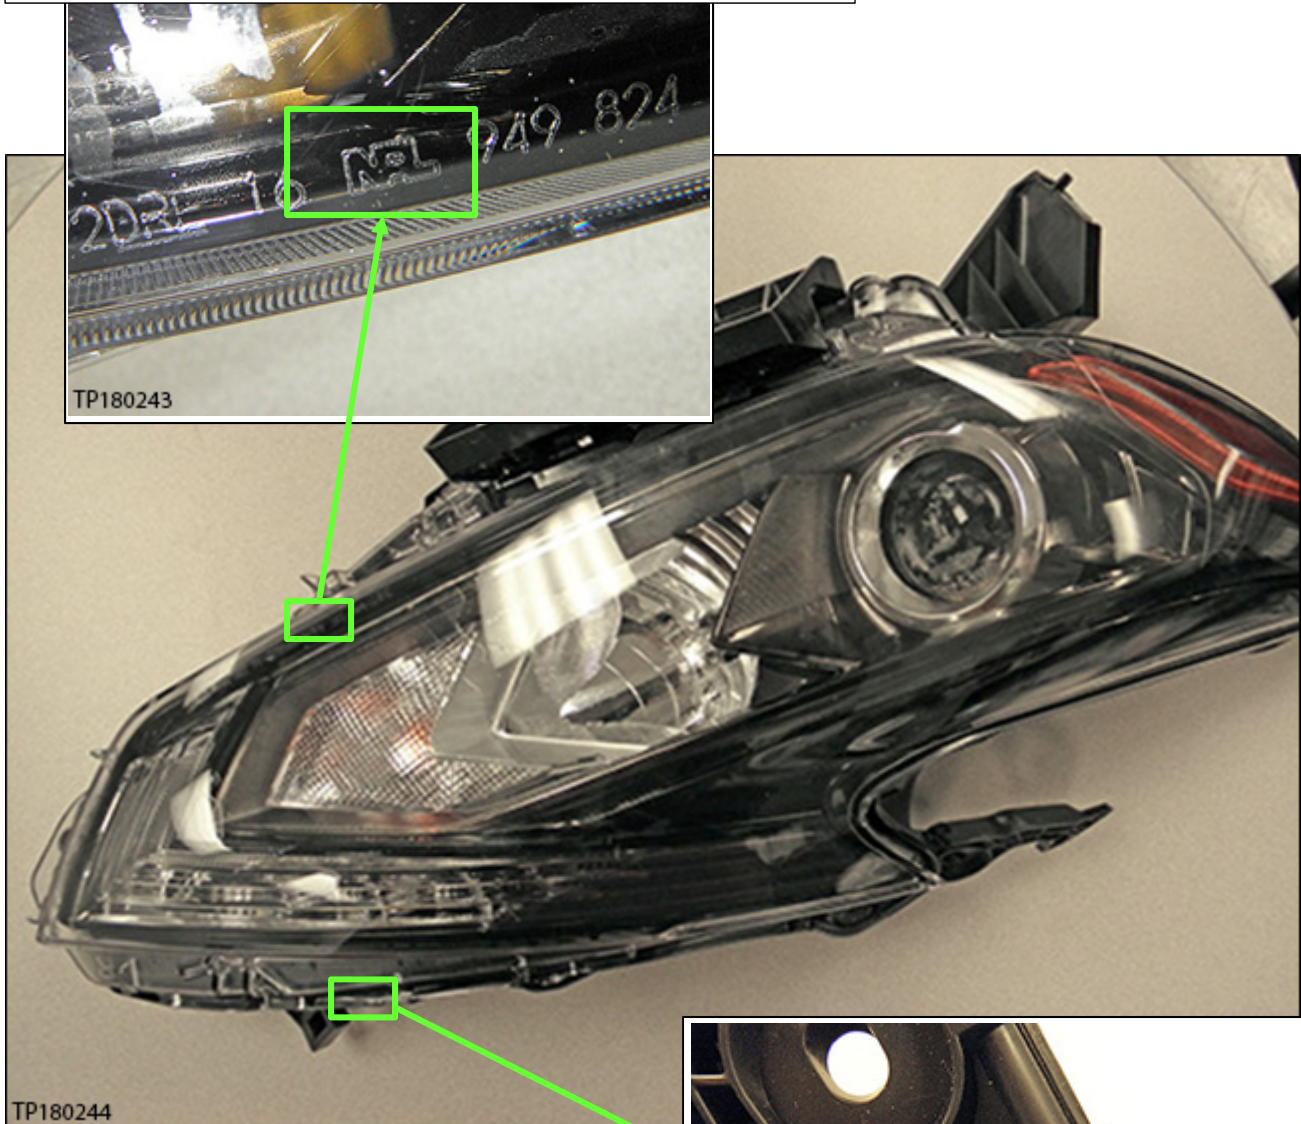

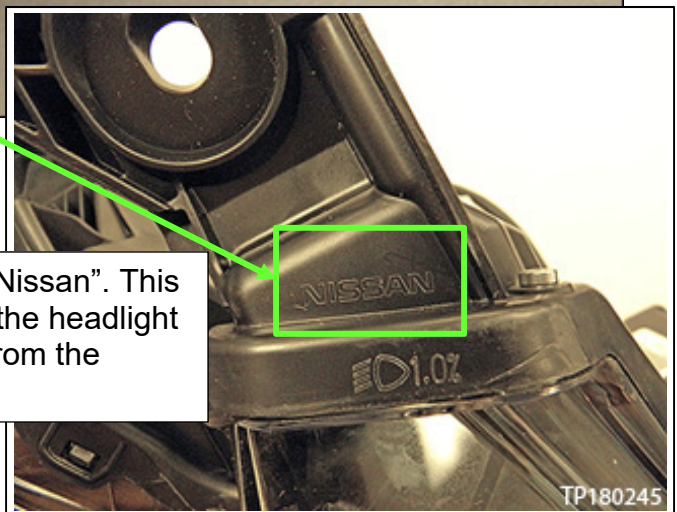

Figure 1

This warrantable example is stamped with “Nissan”. This marking can be seen on the lower inside of the headlight mount, when headlight has been removed from the vehicle.

NON-Warrantable Headlight Housing Assembly Example

Figure 2

NOTE: This is only one example of a non-warrantable aftermarket headlight housing and does not represent other possible aftermarket manufactures, or their labels.
