2.0L & 3.0L TDI AEM ECR Replacement Labels

Dear Dealer Partners,

We wanted to take this opportunity to clarify the process for obtaining replacement labels & disclosures in order to successfully perform an AEM or ECR.

If a replacement label is needed due to misplacement or error, please contact the Audi Distribution Help Desk at [+1 \(888\) 777-9336](tel:+18887779336) or via email at AudiDistributionSupport@audi.com. Please provide them with the dealer code, VIN, and new or pre-owned vehicle distinction (taken in on trade, purchased on TDIDirect, or consumer requested). They can also assist if you have any questions.

Thank you for your continued support!
