Section:

Subject: 488 Challenge Technical Documentation Update

The new release for the Technical Documentation is available. Please follow the instructions below for the correct procedure to update the pen drive.

1. Open the 488 Challenge Pendrive main folder
2. Select all folders and files and DELETE them (see picture below)

3. Go to the following link

https://download.star-italia.net/Ferrari/488Challenge_Upd_03_ENG.zip

4. Download the zip file named 488Challenge_Upd_03_ENG.zip to your PC
5. Unzip the file onto your blank pendrive

6. In the new unzipped version (Update_03 dated 2018-01-04) you'll find only one version of the Technical Documentation including all sections (Spare Parts Catalog, Workshop Manual, and Electrical System).

This version (Update_03) replaces all previous versions
