Mazda North American Operations
Irvine, CA 92618-2922

| Subject: **IDS SOFTWARE VERSION 109.00 AND 109.01 ARE NOW AVAILABLE ON MGSS**	**Service Alert No.:** SA-017/18
	Last Issued: 03/28/2018

DESCRIPTION

Upgrade your PCs to IDS version 109.00 and 109.01 from the previous version.

REPAIR PROCEDURE

NOTE: You may see 'Selection not available' on IDS when a selecting 'Programming menu'

108.07 included a timer extension for Programming menu application that had to be installed before the expiration date of 3/27/18.

After the expiration, IDS can't accept the extension. To correct this, uninstall IDS and re-install IDS 108.00 >IDS 108.07 up-date. Select "Remove Mazda data files and settings" as shown below.
