WIPER SYSTEM AND PRE-DELIVERY INSPECTION

This bulletin has been amended. The publication date has been revised to include the latest models and model years. No other changes have been made. Please discard previous versions of this bulletin.

APPLIED VEHICLES: All Infiniti vehicles receiving Pre-Delivery Inspection (PDI)

SERVICE INFORMATION

Whenever performing a PDI on an Applied Vehicle, never operate the wipers with a dirty windshield and/or dirty wiper blade refills. Operating the wipers with a dirty windshield and/or dirty refills may cause damage to one or both of these parts and/or reduce the life of the refills.

Before operating the wiper system, make sure the windshield and refills are clean by thoroughly rinsing off all dirt/debris with a water hose.

Infiniti Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Infiniti retailer to determine if this applies to your vehicle.
