Bulletin No.: 17-NA-184

Date: March, 2018

INFORMATION

Subject: Information on Proper Oil Filter Usage

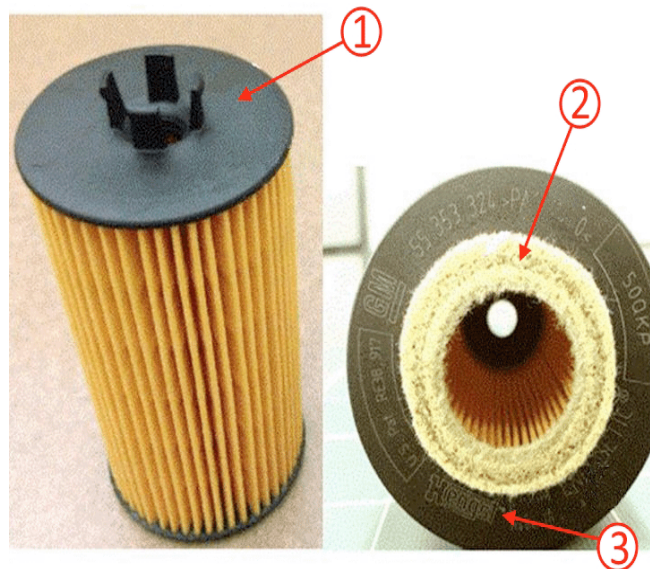

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Buick	Encore	2013	2018				
Chevrolet	Cruze	2013	2015				
	Cruze (VIN P)	2016	2016			1.4L (LUV), 1.8L (LWE)	
	Sonic	2013	2018				
	Trax	2013	2018				

Involved Region or Country	North America, South America and Israel
Information	<p>The purpose of this bulletin is to inform technicians and dealership personnel that the above models and model year vehicles, equipped with the 1.4L turbocharged engine and 1.8L engine, use two different suppliers for the oil filter housing, which results in two different oil filters being used.</p> <p>Important: It is very important to use the correct oil filter for the oil filter housing application.</p>

Important: These engines are affected by an oil filter and filter housing supplier change mid production (Hengst to UFI). The oil filter elements for the housings are not interchangeable. It is critical to confirm the correct oil filter is being used, otherwise the oil filter may be bypassed entirely. The VIN alone is not sufficient for oil filter application confirmation.

Note: This material is intended only as a guide. Refer to the appropriate catalog for specific vehicle application.
