*****Detailed Information*****

Nissan is conducting a quality action specific to dealers located in **California and Hawaii only** to apply a supplemental bumper performance label. Due to an issue that has since been corrected, the bumper performance language may be missing from the Monroney label.

Affected vehicles are **not** subject to stop sale and are either currently in dealer inventory or assigned and in transit to the dealer. In the interest of customer satisfaction, Nissan requests dealers to apply the supplemental bumper performance label on the affected vehicles prior to retail sale.
