Service Bulletin**

General Information

It has been recently discovered that dealers are filing warranty claims regarding adding a coolant overflow drain hose to the radiator surge tank on M2 vehicles. Engineering has confirmed that the system is designed to recover the coolant in the event of overheating and adding an overflow drain hose is not necessary. Please refer to diagram D05-20470-000 for correct radiator and surge tank plumbing.

Warranty

This bulletin is informational only; warranty does not apply.
