

Body builders often change the wheelbase when installing bodies. When the wheelbase is changed, the ABS chassis harness may also need to be changed to match the wheelbase. Refer to **Table 1** for the correct harness application. See module 332 for the current callout.

ABS Harness Part Number	Wheelbase Application (in)
A06-27937-000	121-167
A06-27937-001	168-226
A06-27937-002	227-246
