

Description of Revisions: *This bulletin replaces the previous version dated February 2001. Some of the harness part numbers have been changed.*

Bodybuilders often change the wheelbase of a vehicle when installing bodies. When a wheelbase is changed, the ABS chassis harness may need to be changed to match the wheelbase. Part numbers listed below are for Bendix ABS without traction control.

See **Table 1** and **Table 2**.

101" and 111" Cabs	
Wheelbase	ABS Harness Part Number
100" to 141"	XC4T-2C055-LAA
142" to 166"	XC4T-2C055-LBA
167" to 178"	XC4T-2C055-LDA
179" to 214"	XC4T-2C055-LFA
215" to 238"	XC4T-2C055-LKA
239" to 250"	XC4T-2C055-LKA
250" to 274"	XC4S-2C055-AA
275" to 310"	XC4S-2C055-GA
298" to 334"	XC4S-2C055-PA

Table 1, 101" and 111" Cabs (ABS chassis harnesses)

113" and 122" Cabs	
Wheelbase	ABS Harness Part Number
100" to 160"	XC4T-2C055-LBA
161" to 190"	XC4T-2C055-LDA
191" to 208"	XC4T-2C055-LFA
208" to 232"	XC4T-2C055-LGA
221" to 244"	XC4T-2C055-LJA
245" to 268"	XC4T-2C055-LLA
257" to 286"	XC4S-2C055-AA
275" to 304"	XC4S-2C055-GA
305" to 328"	XC4S-2C055-PA
