

Body builders often change the wheelbase of vehicles when installing bodies. When a wheel base is changed, the ABS chassis harness may need to be changed to match the wheelbase.

See **Table 1** for a list of ABS harness part numbers for vehicles with WABCO air ABS without traction control.

See **Table 2** for a list of ABS harness part numbers for vehicles with WABCO air ABS with traction control.

See **Table 3** for a list of ABS harness part numbers for vehicles with WABCO hydraulic ABS.

With WABCO Air ABS without Traction Control	
Part Number	Wheel Base (inches)
A06-38249-078	100 - 136
A06-38249-119	137 - 160
A06-38249-130	161 - 172
A06-38249-145	173 - 196
A06-38249-159	197 - 208
A06-38249-166	209 - 220
A06-38249-184	221 - 232
A06-38249-202	233 - 244
A06-38249-220	245 - 268
A06-38249-239	269 - 292
A06-38249-273	293 - 316
