June, 2018
Page 1 of 1

SUBJECT: Selection of Channel Plate Gasket (1 of 2 in Kit)

MODELS AFFECTED: 4000 Series™ Product Family (HD 6-Speed)

Introduction:

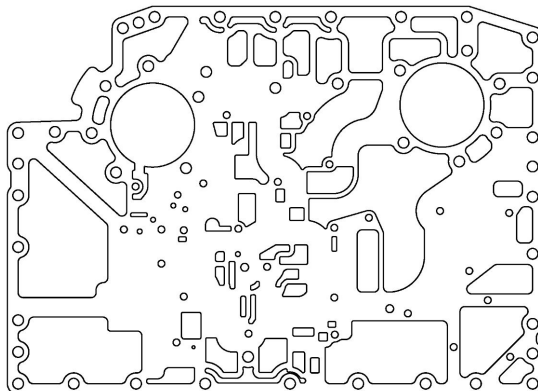

Two (2) channel plate gaskets are provided in this Seal and Gasket Kit. Only one (1) gasket is required for installation between the control valve body separator plate and the channel plate assembly. This instruction sheet is intended to aid the technician in selecting the correct gasket for the application. Refer to [Figure 1](#) for channel plate gasket comparison.

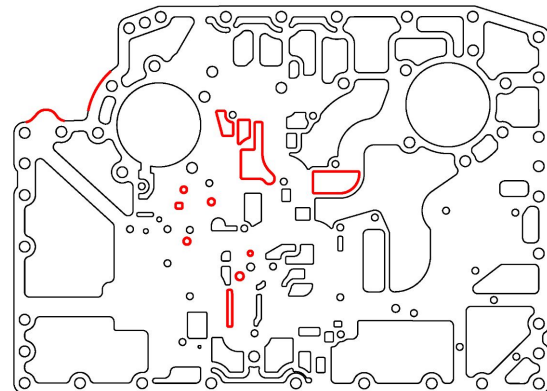

NOTE: The red outlined areas in the [Figure 1](#) TID B gasket represents the major differences between the two gaskets.

Gasket P/N 29546539 must be used with the TID A **cast iron** main valve body configuration (engineering groups 16-18XX).

Gasket P/N 29557347 must be used with the TID B **aluminum** main valve body configuration (engineering groups 16-19XX).
