IMPORTANT EMISSION RECALL

This notice applies to your vehicle.

Dear CMX300/A or CMX500/A Owner:

This notice is sent to you in accordance with the requirements of the Environmental Protection Agency.

WHAT IS THE REASON FOR THIS NOTICE?

Honda has determined that a defect related to emissions regulations exists in all model 2017, and certain model year 2018 Honda CMX300/A and CMX500/A - Rebel motorcycles. The fuel vapor permeation of the EVAP canister charge hose exceeds the federal permeation standards. An updated part, made of a different material, is available to correct this condition.

EMISSION CONSEQUENCE

Your motorcycle may be releasing air pollutants that exceed federal emission standards. This non-conformity, if not repaired, may cause the motorcycle to fail a vehicle inspection or Smog Check test when such tests are required under state law.

WHAT WILL HONDA DO?

An authorized Honda motorcycle dealer will replace the EVAP canister charge hose, as part of a pre-assembled hose bundle, with the updated part free of charge.

WHAT SHOULD YOU DO?

Please call any authorized Honda motorcycle dealer and make an appointment to have your motorcycle's EVAP canister charge hose replaced for free.

Replacing the EVAP canister charge hose, as part of a pre-assembled hose bundle, will take approximately one to two hours to complete; however, please ask your dealer for the specific time your motorcycle will need to be at the dealership.

For assistance locating a Honda motorcycle dealer, you may call Honda Motorcycle Customer Support at: 1-866-784-1870 or use the "find a dealer" option on www.powersports.honda.com

CALIFORNIA OWNERS ONLY

The DMV will not renew your registration until this emissions recall has been completed. After completing the repair procedure, your dealer will give you a *Vehicle Emission Recall - Proof of Correction* certificate. Please make sure the dealer completes and gives you the certificate. Keep the certificate for your records as proof that the emissions recall was completed. Submit the certificate to the DMV only if the DMV requests it.

EMISSION WARRANTY

In order to ensure your full protection under the emission warranty provisions, it is recommended that you have your vehicle repaired as soon as possible. Failure to do so could be determined as lack of proper maintenance.
