July 2018

RE: 2017 MDX

Check for the
accessory temporary
spare tire under the
rear bumper.

Dear

What is the reason for this notice?

Our records indicate that a PRODUCT UPDATE has not been completed on this vehicle; refer to the address card for the affected VIN. All 2017 MDX vehicles came equipped with a tire repair kit, but some clients opted to buy an accessory temporary spare tire kit from the dealer. Incorrect accessory temporary spare tire kits may have been installed, and the spare wheel and/or wrench in the kit may not fit your vehicle and must be replaced.

What if my MDX doesn't have an Acura Genuine Temporary Spare Tire Kit?

If your vehicle doesn't have an Acura Genuine accessory temporary spare tire kit, your vehicle is not affected. Please complete, sign and return the enclosed Reply Card in the postage-paid envelope if the temporary spare tire kit is not installed. This will keep you from receiving future reminders on the accessory temporary spare tire kit product update.

What will Acura do?

If you have an Acura Genuine accessory temporary spare tire kit, call any authorized Acura dealer to have the spare tire kit replaced, **for FREE**.

Sincerely,

American Honda Motor Co., Inc.
