Supersession Statement

This PI was superseded to add to menu selection information. Please discard PIC5611F.

Condition / Concern

Some customers may ask if they can turn the RVC (rear vehicle camera) off, turn the RVC guidelines on/off, and/or change the brightness of the RVC.

Recommendations / Instructions

To prevent unnecessary repair attempts, please refer to the table below to determine normal RVC features for the vehicle and RPO combination that you are working with before attempting repairs.

Note: RVC display brightness can be adjusted on some models while the transmission is in reverse (use proper safety, set parking brake, etc) press the Menu/Select button(*) and adjust the backup camera brightness with the menu knob.

Note: If equipped with guidelines, they can be turned on/off using the Config, Display, Guidelines path(*).

***Some models may use different terminology and/or navigation path.**

RVC Content Table:

Vehicle	RVC (UVC) w/o Lines	RVC (UVC) w/ Lines	RVC Can Be Turned ON or OFF	Brightness Adjustment Allowed
